

Team Policy

Our Commitment

Keon Park F.C is a football club focused on football development. Our team policy primarily aims to provide as many opportunities as possible for players to compete at high levels and play in age appropriate, skill appropriate competitions. There are social aspects to football and we also aim to provide teams that provide social, fun only competitions. In 2023, Keon Park F.C is going through a high level of transition and as a result we have geared our Team Policy towards:

- Providing as many teams and playing positions as possible to train on both ground with very large spacing with our new lighting project completed.
- Improving the standard of our A and B graded Junior Teams to prepare for the major competition changes being introduced by Football Federation Victoria to Junior Competitions in 2023 and the general Keon Park F.C direction to have highly capable teams in the U13-U16 category.
